National Pet Month!

Celebrate National Pet Month with us! It's the perfect time to show a little extra love to the furry family members who make home feel even sweeter. Submit your favorite photo of your pet/pets (with their name included) to alynch@coretrustmanagement.com and be included in a collage of 2LP Pets! Collage will be sent out with next months newsletter.

Mental Health Awareness Month

This month is a reminder that productivity is not more important than well-being. A quick walk, a real lunch break, a stretch between meetings, or even a few deep breaths can go a long way during a busy workday. In honor of Mental Health Awareness Month, consider making space for one small habit that helps you feel more grounded. Click here for a list of resources from Mental Health America.
